PROFESSIONAL PROFILE

Architect with 6+ years of experience in residential and commercial design, 3D visualization, and construction supervision. Specialized in high-quality modeling and rendering using SketchUp and Lumion. Strong background in technical documentation, multidisciplinary team coordination, and full project management from brief to final delivery. Spatial and systemic thinker with a track record of translating complex ideas into clear, compelling visuals.

PROFESSIONAL EXPERIENCE

Freelance 3D Designer & Architect | Remote — Venezuela / USA | 2019 – 2025

- Delivered architectural and interior design visualizations for residential and commercial clients.
- Created 3D models and photorealistic renders using SketchUp and Lumion.
- Produced technical drawings in AutoCAD and client presentations.
- Managed full client relationships from brief to final delivery.

Site Supervisor & Designer | Inversiones Saltarrana · Caracas, Venezuela | 2022 – 2025

- Led complete renovation of a 200m²+ apartment from design to construction completion in 2 months.
- Produced floor plans, 3D models and interior design proposals.
- Coordinated multidisciplinary teams across all construction phases.

Senior Architect | Grupo FPS · Caracas, Venezuela | 2020 – 2022

- Produced architectural plans, 3D models and technical diagrams for multidisciplinary teams.
- Developed client-facing presentations combining visual clarity with technical precision.
- Managed high volume of simultaneous projects in fast-paced team environment.
